

Like a rainbow in the sky

(feat. Emily & Flo)

Artist: TingelTown

VERS 1

Hey, smile to me
Hey, talk to me
Be curious and go for some dreams
There're no borders – it's easy as it seems
Hey, follow me
Hey, can't you see
There are friends doing the same
We will meet them by joining the game

PRE-CHORUS

We will move and clap our hands
And we will dance, everybody has the chance
We will change this world from black and white
into a coloured one

CHORUS

Like a rainbow in the sky – in the sky
In the sky
Like a rainbow in the sky – in the sky
In the sky
Like a rainbow in the sky

VERS 2

Hey, look to me
Hey, you are free
We bring our world to this place
Open minded – from face to face
Hey, come inside
Hey, left and right
Reach your hands and open your heart
Feel the spirit – and be one little part

We will move and clap our hands
And we will dance, everybody has the chance
We will change this world from black and white
into a coloured one

Like a rainbow in the sky ...
